

Herb Taylor's Bio #2

Herb was brought up in a godless home. No mention of God till he was 14 years of age. Alcohol was a problem in the household and what was normal for Herb was not normal for most other people. Brought up in a military household where it was discipline without love, Herb often said to his mom that his dad was the meanest man he knew. The future did not look good for Herb and his family! Herb's mom was thinking of suicide, his dad was away for 6 months with the military, it was getting darker by the moment.

Out of nowhere, a new family moved in their neighbourhood and unknown to the Taylor's God would intervene and bring relief to a broken and needy family. Here how God used a 6-year-old girl to bring the gospel message to a family who was desperate for a change. That is a very short time the entire family of 5 would give their hearts to Jesus and life began in a new glorious way.

With a new foundation to work on and with the help of people who love God, it was a fresh start and new beginnings for Herb and his family. Now Herb and His wife Crystal who have been married for over 40 years are travelling the world and bringing this special message to whomever the Lord brings in their path. Herb says, "If God can do this for us He can do it for anyone" Come and hear Herb's story, be encouraged and be ready for a change in your own life.
